### **विज्ञापन**

Applications are invited for the engagement of an **ICT Consultant** to design a Mobile and Web – Based Application to provide information regarding accessibility for heritage sites under '**UNIVERSAL DESIGN INOVATION FOR HERITAGE (UDIH)**' Project. The project is funded under prestigious Design Innovation Centre (Spokes & Hub Model) by Ministry of Human Resource Development (MHRD), Govt. of India. The engagement of the consultant would be temporary and on project basis.

Interested consulting firms/freelancer consultants are requested to submit their application with curriculum vitae containing information regarding their degrees and work experience to [deanrc@spabhopal.ac.in](mailto:deanrc@spabhopal.ac.in). Applicant who would meet the minimum qualification will be called for an interaction (personal or on skype). No TA/DA will be paid for attending the interaction.

Skills Required:

- Android developer - java script (with minimum experience of five years).
- Database skills in My sql/Mongo db/No sql/Geo spatial database.
- Server Skills (Apache, Node js).
- Knowledge of IPR related with app development.
- Knowledge of accessibility issues in app development.

**Last date for sending the applications is 1<sup>st</sup> October, 2018.**

**PROF. RACHNA KHARE**
